Subject: Re: No Planned Work for the St James Lease

Thanks Tamara,

The community is wondering what is the source of the foul, sulfur-like odors that have been wafting in the University Park area recently. In addition to that, residents have strongly complained of intense pain in the throat area. These complaints are originating in close proximity to AllenCo. They were voluntarily reported to me today during my community outreach for a resident meeting. Staff from the local church, the owners of the “mom and pops” store, as well as other residents reported the same symptoms occurring this past Saturday around 8am.

So, related to your weekly reporting, "AllenCo Energy informed DOGGR there is not planned work this week at the St. James lease." Does this include any work related to plugging the leaks, or pickling?

Thanks,

Hugo Garcia
Esperanza Community Housing
